Recommendation letter for: Mr Imed Benmadi

To whom it may concern,

It is with great pleasure that I recommend Mr Imed Benmadi. I have been his programming teacher for one year at the University of Kasdi Merbah, Algeria, Imed demonstrated tremendous effort and growth throughout the years I taught his and always brought a focused energy to class. He has that combination of a positive attitude and the belief that he can always improve. I am confident that he will continue to display the same commitment and diligence in everything he does. He is one of my excellent students. He has high programming, critical thinking and problems solving skills.

Imed is an outstanding student and individual who supports others in and out of the classroom. His positive attitude and belief in himself, even in the face of difficulty, is an immensely admirable asset. I am confident that he will continue to demonstrate the same diligence, perseverance, and optimism that he showed myself and his peers. I give my highest recommendations for Imed. Please feel free to contact me with any further questions at messaoud.mezati@univ-ourgla.dz.

Sincerely,
